About CompoSecure

Founded in 2000, CompoSecure (www.composesecure.com) is a pioneer and leading provider of premium payment cards and cryptocurrency and digital asset storage and security solutions. The company focuses on serving the affluent customers of payment card issuers worldwide using proprietary production methods that meet the highest standards of quality and security. The company focuses on serving the affluent customers of payment card issuers worldwide using proprietary production methods that meet the highest standards of quality and security. The company offers secure, innovative, and durable proprietary products that implement leading-edge engineering capabilities and security. CompoSecure's mission is to increase clients' brand equity in the marketplace by offering products and solutions which differentiate the brands they represent, thus elevating cardholder experience. For more information, please visit www.composesecure.com. CompoSecure created ArculusTM with the mission to promote cryptocurrency adoption by making it safe, simple and secure for the average person to buy, swap and store cryptocurrency. With a strong background in security hardware and financial payments, the ArculusTM solution was developed to allow people to use a familiar payment card form factor to manage their cryptocurrency. For more information, please visit www.getarculus.com.
